# MULTI-TASK

## General Purpose Cleaning Instructions

### Mixing Instructions:

**SHAKE PRODUCT CONTAINER WELL IMMEDIATELY BEFORE DILUTING.**

Dilute as follows – (best using warm water up to 120°F):

- **Glass & Mirrors** – 0.5oz to 1oz / gal of potable water
- **Standard Cleaning** – 2oz / gal of potable water
- **Heavy Soils Cleaning** - 4oz / gal of potable water
- **DILUTED PRODUCT MUST BE USED WITHIN 5 DAYS OF DILUTION.**
- **NEVER REUSE CONTAINERS THAT HAVE BEEN USED WITH ANY OTHER CLEANING OR DISINFECTANT PRODUCTS.**

### Applications:

Product is used for general cleaning of all moisture tolerant surfaces:

- Desks, White Boards, Counters, Tables and Chairs
- Office Stations, Computer Keyboard and Mouse Devices, Touch Screens and Phones
- Door Handles, Hand Rails and Walls
- Bathrooms and Public Restrooms
- Windows and Mirrors
- Kitchens, Cafeterias, Dining Areas, and Food Trays
  - *Surfaces with grease (eg: kitchen hoods) best cleaned with CO+ Degreaser*
- Flooring – All Tile, Grouting, Linoleum, Polished Concrete, Hardwood and Carpet

### Best Product Application Practices:

- **“Spray & Wipe”** protocols incorporating microfiber cloths; wipe before product dries;
- **“Mop & Bucket”** floor cleaning protocols;
- **“Hands-Free”** spray and foaming equipment;
- Suitable for use with **Pressure Washers**;
- **Low Moisture** as well as **Extraction Carpet Cleaning Equipment**;
- **Auto Scrubbers** used in hard flooring maintenance.

# MULTI-TASK

## Carpet & Polished/ Hardwood Flooring Cleaning Instructions

### Mixing Instructions:

- **SHAKE PRODUCT CONTAINER WELL IMMEDIATELY BEFORE DILUTING.**

Dilute as follows – (best using warm water up to 120°F):

- **Standard Dilution** - 2oz to 1 gal of potable water
- **Heavy Soils Dilution** - 4oz to 1 gal of potable water
- **DILUTED PRODUCT MUST BE USED WITHIN 5 DAYS OF DILUTION.**
- **THOROUGHLY CLEAN ALL RESIDUE OF PREVIOUS CLEANERS FROM ANY EQUIPMENT RESERVOIR OR HOLDING TANKS.**
- **NEVER REUSE CONTAINERS THAT HAVE BEEN USED WITH DISINFECTANT PRODUCTS.**

### Carpets:

- Suitable for use in liquid-based carpet cleaning equipment, (except steam-based systems where it should only be used as a pre-treatment), at above recommended dilution rates.
- **Spot Cleaning** - Via pump spray with a wand (preferred) or hand sprayer. Best if applied as a Pre-Treatment in such instances (Minimum pre-treatment time of 10 mins. Will not harm carpet if left longer as it has a neutral pH. Dilute 4oz / gal for Spot Cleaning).
- **Heavy Soil or Recurring Stains** - Dilute at rate of 4oz / gal of potable water.
- **Odor Elimination** - Dilute at rate of between 2oz to 4oz / gal of potable water.

### Polished Floors:

- Suitable for use in Auto Scrubbers for polished tile, linoleum, concrete and / or polished hardwood floors, such as in gyms, basketball courts and the like.
- Dilute at rate of 2oz to 4oz / gal of potable water for the first two cleanings.
- After first two cleanings change to a diluting rate of 2oz / gal of potable water for ongoing regular cleaning.

### Scrub & Re-Coat:

- Dilute at a rate of 4oz to 1 gal of potable water.
- Ideal for “Scrub & Re-Coat” applications with orbital scrubber and red pads.
- Is a highly effective and suitable alternative to high pH cleaners.

### Mondo Flooring:

- Dilute at rate of 4oz / gal of potable water and apply using standard equipment for initial cleaning(s), then cut back to 2oz / gal.

## Features:

- pH Neutral, Non-Toxic, & Non-Flammable
  - Suitable for all moisture tolerant surfaces when applied as directed
  - Safe to wash / flush diluted product into municipal wastewater
  - Safe to use and apply; Gentle on skin and suitable where children and pets are present
- Generally Non-Allergenic (enzyme intolerance may require gloves)
- Contains only GRAS probiotics and EPA “Safer Choice” ingredients
- Complies with the State of California VOC Standards
- None of the constituents require a cautionary statement by the EPA, FDA and / or USDA
- The product makes no claims of biocidal action

## Benefits:

- Provides a superior and healthier level of clean through True Clean Technology™
- Leaves polished surfaces looking brighter and shinier
- Eliminates odors
- Leaves a protective layer of healthy probiotic bacteria to provide a safer, cleaner surface

## Storage & Handling:

- Store away from direct sunlight.
- Store between 36°F and 110°F.
- Do not allow to freeze.

## Cautions:

- Keep out of the reach of children.
- Do not swallow.
- If eye contact occurs rinse with water.
- If applicator has a high sensitivity to enzymes wear protective clothing and gloves.

## Measurements:

- Product is usually sold in 1 US gallon containers, such that:
  - 1:64 dilution is 2oz (approx. 60 ml) of product to 1 US gal of water
  - 1:32 dilution is 4oz (approx. 120 ml) of product to 1 US gal of water
